

CCTV SYSTEM HEALTH CHECK & SERVICE

WHAT YOU WON

You won a CCTV System Health Check & Service. We will check whether your cameras are recording properly, whether the system is healthy and whether obvious faults need attention.

WHAT IS INCLUDED

- One business site
- Up to 16 cameras plus one NVR/DVR
- Up to 90 minutes of assessment/service time
- Recording, storage, image, remote-viewing and basic system-health checks
- Basic lens cleaning only where cameras are safely accessible without specialist access equipment

PRIZE TERMS

- No working at heights, ladders beyond normal safe access, lifts, roof work or specialist access equipment are included.
- Replacement cameras, cabling, connectors, hard drives, power supplies and other parts are excluded.
- Major reconfiguration, rewiring and repairs are not included.
- Assessment depends on access credentials and the condition/compatibility of the existing system.
